FLORIDA PROPANE GAS EDUCATION, SAFETY, AND RESEARCH ACT

The Florida Propane Gas Education, Safety, and Research Act was established in Chapter 527, F.S., to provide funding for programs to promote propane education, safety and research, and marketing of propane, propane products and equipment. As a propane dealer in Florida, you are subject to any assessments authorized under this Act, if you meet the following criteria:

- Own odorized propane at the time it crosses the state borders entering Florida; or
- Odorize propane gas within the state borders.

In the event you are covered by this program, you will be required to return a quarterly report form (FDACS-03524 Rev. 02/14, Odorizers/Importers Quarterly Remittance Report) included with this license application.

I have read the above statement and understand that I may be subject to assessments as provided by the Florida Propane Gas Education, Safety, and Research Act.

EMPLOYEE BACKGROUND CHECKS

In addition to security background checks required for employees within the industry who handle hazardous materials, companies should also be conducting checks for other activities. Any employee of your company who, by reason of his employment, could have access to your customer's homes or businesses and who has:

- A felony conviction involving moral turpitude; or
- Has exhibited moral turpitude by reason of felony conviction and/or registration as a sexual predator

could be considered untrustworthy (*Rule 5J-20.005, F.A.C.*) and could expose your company to denial or revocation of your LP gas license and or qualification. The names and addresses of sexual predators can be verified through the internet or by contacting the Florida Department of Law Enforcement's toll free number at **(1-888-FL-PREDATOR)** or **(1-888-357-7332)**. Background checks of your employees to determine suitability for employment are your responsibility and failure to do so could cause loss of your license and expose your company to legal liability.

I have read and understand the above statement.
