

(7) Finally, if information concerning the prevailing market price of the subject security cannot be obtained by applying any of the above factors, FINRA or its members may consider as a factor in assessing the prevailing market price of a debt security the prices or yields derived from economic models (*e.g.*, discounted cash flow models) that take into account measures such as credit quality, interest rates, industry sector, time to maturity, call provisions and any other embedded options, coupon rate, and face value; and consider all applicable pricing terms and conventions (*e.g.*, coupon frequency and accrual methods). Such models currently may be in use by bond dealers or may be specifically developed by regulators for surveillance purposes.

(8) Because the ultimate evidentiary issue is the prevailing market price, isolated transactions or isolated quotations generally will have little or no weight or relevance in establishing prevailing market price. For example, in considering yields of "similar" securities, except in extraordinary circumstances, members may not rely exclusively on isolated transactions or a limited number of transactions that are not fairly representative of the yields of transactions in "similar" securities taken as a whole.

(9) "Customer," for purposes of Rule 2121, Supplementary Material .01 to Rule 2121 and this Supplementary Material .02, shall not include a qualified institutional buyer ("QIB") as defined in Rule 144A under the Securities Act of 1933 that is purchasing or selling a non-investment grade debt security when the dealer has determined, after considering the factors set forth in Rule 2111(b), that the QIB has the capacity to evaluate independently the investment risk and in fact is exercising independent judgment in deciding to enter into the transaction. For purposes of Rule 2121, Supplementary Material .01 to Rule 2121 and this Supplementary Material .02, "non-investment grade debt security" means a debt security that: (i) if rated by only one nationally recognized statistical rating organization ("NRSRO"), is rated lower than one of the four highest generic rating categories; (ii) if rated by more than one NRSRO, is rated lower than one of the four highest generic rating categories by any of the NRSROs; or (iii) if unrated, either was analyzed as a non-investment grade debt security by the dealer and the dealer retains credit evaluation documentation and demonstrates to FINRA (using credit evaluation or other demonstrable criteria) that the credit quality of the security is, in fact, equivalent to a non-investment grade debt security, or was initially offered and sold and continues to be offered and sold pursuant to an exemption from registration under the Securities Act of 1933.

(c) "Similar" Securities

(1) A "similar" security should be sufficiently similar to the subject security that it would serve as a reasonable alternative investment to the investor. At a minimum, the security or securities should be sufficiently similar that a market yield for the subject security can be fairly estimated from the yields of the "similar" security or securities. Where a security has several components, appropriate consideration may also be given to the prices or yields of the various components of the security.

(2) The degree to which a security is "similar," as that term is used in this Supplementary Material .02, to the subject security may be determined by factors that include but are not limited to the following:

(A) Credit quality considerations, such as whether the security is issued by the same or similar entity, bears the same or similar credit rating, or is supported by a similarly strong guarantee or collateral as the subject security (to the extent securities of other issuers are designated as "similar" securities, significant recent information of either issuer that is not yet incorporated in credit ratings should be considered (*e.g.*, changes to ratings outlooks));

(B) The extent to which the spread (*i.e.*, the spread over U.S. Treasury securities of a similar duration) at which the "similar" security trades is comparable to the spread at which the subject security trades;

(C) General structural characteristics and provisions of the issue, such as coupon, maturity, duration, complexity or uniqueness of the structure, callability, the likelihood that the security will be called, tendered or exchanged, and other embedded options, as compared with the characteristics of the subject security; and

(D) Technical factors such as the size of the issue, the float and recent turnover of the issue, and legal restrictions on transferability as compared with the subject security.

(3) When a debt security's value and pricing is based substantially on, and is highly dependent on, the particular circumstances of the issuer, including creditworthiness and the ability and willingness of the issuer to meet the specific obligations of the security, in most cases other securities will not be sufficiently similar, and therefore, other securities may not be used to establish the prevailing market price.

¹ The Interpretation does not apply to transactions in municipal securities. Single terms in parentheses within sentences, such as the terms "(sale)" and "(to)" in the phrase, "contemporaneous dealer purchase (sale) transactions with institutional accounts," refer to scenarios where a member is charging a customer a mark-down.

2124. Net Transactions with Customers

The Rule

Notices

(a) Prior to executing a transaction for or with a customer on a "net" basis as defined in paragraph (e) below, a member must provide disclosure to and obtain consent from the customer as provided in this Rule.

(b) With respect to non-institutional customers, the member must obtain the customer's written consent on an order-by-order basis prior to executing a transaction for or with the customer on a "net" basis and such consent must evidence the customer's understanding of the terms and conditions of the order.

(c) With respect to institutional customers, a member must obtain the customer's consent prior to executing a transaction for or with the customer on a "net" basis in accordance with one of the following methods:

(1) a negative consent letter that clearly discloses to the institutional customer in writing the terms and conditions for handling the customer order(s) and provides the institutional customer with a meaningful opportunity to object to the execution of transactions on a net basis. If the customer does not object, then the member may reasonably conclude that the institutional customer has consented to the member trading on a "net" basis with the customer and the member may rely on such letter for all or a portion of the customer's orders (as instructed by the customer) pursuant to this Rule;

(2) oral disclosure to and consent from the customer on an order-by-order basis. Such oral disclosure and consent must clearly explain the terms and conditions for handling the customer order and provide the institutional customer with a meaningful opportunity to object to the execution of the transaction on a net basis. The member also must document, on an order-by-order basis, the customer's understanding of the terms and conditions of the order and the customer's consent; or

(3) written consent on an order-by-order basis prior to executing a transaction for or with the customer on a "net" basis and such consent must evidence the customer's understanding of the terms and conditions of the order.

(d) For those customers that have granted trading discretion to a fiduciary (e.g. an investment adviser), a member is permitted to obtain the consent required under this Rule from the fiduciary. If the fiduciary meets the definition of "institutional customer" in paragraph (e), the member may meet the disclosure and consent requirements under this Rule in the same manner permitted for institutional customers.

(e) For purposes of this Rule:

(1) "institutional customer" shall mean a customer whose account qualifies as an "institutional account" under Rule 4512(c); and

(2) "net" transaction shall mean a principal transaction in which a market maker, after having received an order to buy (sell) an equity security, purchases (sells) the equity security at one price (from (to) another broker-dealer or another customer) and then sells to (buys from) the customer at a different price.

(f) Members must retain and preserve all documentation relating to consent obtained pursuant to this Rule in accordance with Rule 4511.

2130. Approval Procedures for Day-Trading Accounts

The Rule

Notices

(a) No member that is promoting a day-trading strategy, directly or indirectly, shall open an account for or on behalf of a non-institutional customer, unless, prior to opening the account, the member has furnished to the customer the risk disclosure statement set forth in Rule 2270 and has:

(1) approved the customer's account for a day-trading strategy in accordance with the procedures set forth in paragraph (b) and prepared a record setting forth the basis on which the member has approved the customer's account; or

(2) received from the customer a written agreement that the customer does not intend to use the account for the purpose of engaging in a day-trading strategy, except that the member may not rely on such agreement if the member knows that the customer intends to use the account for the purpose of engaging in a day-trading strategy.

(b) In order to approve a customer's account for a day-trading strategy, a member shall have reasonable grounds for believing that the day-trading strategy is appropriate for the customer. In making this determination, the member shall exercise reasonable diligence to ascertain the essential facts relative to the customer, including:

(1) Investment objectives;

(2) Investment and trading experience and knowledge (e.g., number of years, size, frequency and type of transactions);

(3) Financial situation, including: estimated annual income from all sources, estimated net worth (exclusive of family residence), and estimated liquid net worth (cash, securities, other);

(4) Tax status;

(5) Employment status (name of employer, self-employed or retired);

(6) Marital status and number of dependents; and

(7) Age.

(c) If a member that is promoting a day-trading strategy opens an account for a non-institutional customer in reliance on a written agreement from the customer pursuant to paragraph (a)(2) and, following the opening of the account, knows that the customer is using the account for a day-trading strategy, then the member shall be required to approve the customer's account for a day-trading strategy in accordance with paragraph (a) (1) as soon as practicable, but in no event later than 10 days following the date that such member knows that the customer is using the account for such a strategy.

(d) Any record or written statement prepared or obtained by a member pursuant to this Rule shall be preserved in accordance with Rule 4511.

(e) For purposes of this Rule, the following terms shall have the meanings specified below:

(1) "Day-trading strategy" means an overall trading strategy characterized by the regular transmission by a customer of intra-day orders to effect both purchase and sale transactions in the same security or securities.

(2) "Non-institutional customer" means a customer that does not qualify as an "institutional account" under Rule 4512(c).

••• Supplementary Material: -----

.01 Promoting a Day-Trading Strategy.

(a) A member shall be deemed to be "promoting a day-trading strategy" if it affirmatively endorses a "day-trading strategy," as defined in paragraph (e) of this Rule, through advertising, its Web site, trading seminars or direct outreach programs. For example, a member generally shall be deemed to be "promoting a day-trading strategy" if its retail communications address the benefits of day trading, rapid-fire trading, or momentum trading, or encourage persons to trade or profit like a professional trader. A member also shall be deemed to be "promoting a day-

trading strategy" if it promotes its day-trading services through a third party. Moreover, the fact that many of a member's customers are engaging in a day-trading strategy will be relevant in determining whether a member has promoted itself in this way.

(b) A member shall not be deemed to be "promoting a day-trading strategy" solely by its engaging in the following activities: (1) promoting efficient execution services or lower execution costs based on multiple trades; (2) providing general investment research or advertising the high quality or prompt availability of such general research; and (3) having a Web site that provides general financial information or news or that allows the multiple entry of intra-day purchases and sales of the same securities.

.02 Review by FINRA's Advertising Regulation Department. A member may submit its retail communications to FINRA's Advertising Regulation Department for review and guidance on whether the content of the retail communications constitutes "promoting a day-trading strategy" for purposes of this Rule.

.03 Additional Rules Regarding Day Trading. Members should be aware that, in addition to general rules that may apply, FINRA has additional rules that specifically address day trading. See, e.g., Rule 2270 (Day-Trading Risk Disclosure Statement); Rule 4210(f)(8)(B) (Margin Requirements) regarding special margin requirements for day trading.

The Rule

Notices

No member or person associated with a member shall interfere with a customer's request to transfer his or her account in connection with the change in employment of the customer's registered representative where the account is not subject to any lien for monies owed by the customer or other bona fide claim. Prohibited interference includes, but is not limited to, seeking a judicial order or decree that would bar or restrict the submission, delivery or acceptance of a written request from a customer to transfer his or her account. 2150. Improper Use of Customers' Securities or Funds; Prohibition Against Guarantees and Sharing in Accounts

The Rule

Notices

(a) Improper Use

No member or person associated with a member shall make improper use of a customer's securities or funds.

(b) Prohibition Against Guarantees

No member or person associated with a member shall guarantee a customer against loss in connection with any securities transaction or in any securities account of such customer.

(c) Sharing in Accounts; Extent Permissible

(1)(A) Except as provided in paragraph (c)(2), no member or person associated with a member shall share directly or indirectly in the profits or losses in any account of a customer carried by the member or any other member; provided, however, that a member or person associated with a member may share in the profits or losses in such an account if:

(i) such person associated with a member obtains prior written authorization from the member employing the associated person;

(ii) such member or person associated with a member obtains prior written authorization from the customer; and

(iii) such member or person associated with a member shares in the profits or losses in any account of such customer only in direct proportion to the financial contributions made to such account by either the member or person associated with a member.

(B) Exempt from the direct proportionate share limitation of paragraph (c)(1)(A)(iii) are accounts of the immediate family of such member or person associated with a member. For purposes of this Rule, the term "immediate family" shall include parents, mother-in-law or father-in-law, husband or wife, children or any relative to whose support the member or person associated with a member otherwise contributes directly or indirectly.

(2) Notwithstanding the prohibition of paragraph (c)(1), a member or person associated with a member that is acting as an investment adviser may receive compensation based on a share in profits or gains in an account if:

(A) such person associated with a member seeking such compensation obtains prior written authorization from the member employing the associated person;

(B) such member or person associated with a member seeking such compensation obtains prior written authorization from the customer; and

(C) all of the conditions in Rule 205-3 of the Investment Advisers Act (as the same may be amended from time to time) are satisfied.

••• Supplementary Material: -----

.01 Inapplicability of Rule to Certain Guarantees. For purposes of paragraph (b) of this Rule, a "guarantee" that is extended to all holders of a particular security by an issuer as part of that security generally would not be subject to the prohibition against guarantees.

.02 Permissible Reimbursement by Member of Certain Losses. Nothing in this Rule shall preclude a member, but not an associated person of the member, from determining on an after-the-fact basis, to reimburse a customer for transaction losses; provided, however, that the member shall comply with all reporting requirements that may be applicable to such payment. For example, if the payment can reasonably be construed as a settlement, the member shall report the payment as a settlement under the applicable reporting requirement(s). In addition, nothing in this Rule shall preclude a member, but not an associated person of the member, from correcting a bona fide error. This Supplementary Material .02 does not apply to an associated person of a member because of the concern that any such payment may conceal individual misconduct.

.03 Record Retention. For purposes of paragraph (c) of this Rule, members shall preserve the required written authorization(s) for at least six years after the date the account is closed.

.04 Applicability of Other Rules to Sharing Arrangements. Members and associated persons should be aware that participation in a sharing arrangement permitted under paragraph (c) of this Rule does not affect the applicability of other FINRA rules, including paragraph (b) of this Rule, FINRA Rules 3210, 3270 and 3280 to such sharing arrangement.

[The Rule](#)[Notices](#)

(a) Definitions

(1) For purposes of this Rule, the term "Specified Adult" shall mean: (A) a natural person age 65 and older; or (B) a natural person age 18 and older who the member reasonably believes has a mental or physical impairment that renders the individual unable to protect his or her own interests.

(2) For purposes of this Rule, the term "Account" shall mean any account of a member for which a Specified Adult has the authority to transact business.

(3) For purposes of this Rule, the term "Trusted Contact Person" shall mean the person who may be contacted about the Specified Adult's Account in accordance with Rule 4512.

(4) For purposes of this Rule, the term "financial exploitation" means:

(A) the wrongful or unauthorized taking, withholding, appropriation, or use of a Specified Adult's funds or securities; or

(B) any act or omission by a person, including through the use of a power of attorney, guardianship, or any other authority regarding a Specified Adult, to:

(i) obtain control, through deception, intimidation or undue influence, over the Specified Adult's money, assets or property; or

(ii) convert the Specified Adult's money, assets or property.

(b) Temporary Hold on Disbursements

(1) A member may place a temporary hold on a disbursement of funds or securities from the Account of a Specified Adult if:

(A) The member reasonably believes that financial exploitation of the Specified Adult has occurred, is occurring, has been attempted, or will be attempted; and

(B) The member, not later than two business days after the date that the member first placed the temporary hold on the disbursement of funds or securities, provides notification orally or in writing, which may be electronic, of the temporary hold and the reason for the temporary hold to:

(i) all parties authorized to transact business on the Account, unless a party is unavailable or the member reasonably believes that the party has engaged, is engaged, or will engage in the financial exploitation of the Specified Adult; and

(ii) the Trusted Contact Person(s), unless the Trusted Contact Person is unavailable or the member reasonably believes that the Trusted Contact Person(s) has engaged, is engaged, or will engage in the financial exploitation of the Specified Adult; and

(C) The member immediately initiates an internal review of the facts and circumstances that caused the member to reasonably believe that the financial exploitation of the Specified Adult has occurred, is occurring, has been attempted, or will be attempted.

(2) The temporary hold authorized by this Rule will expire not later than 15 business days after the date that the member first placed the temporary hold on the disbursement of funds or securities, unless otherwise terminated or extended by a state regulator or agency of competent jurisdiction or a court of competent jurisdiction, or extended pursuant to paragraph (b)(3) of this Rule.

(3) Provided that the member's internal review of the facts and circumstances under paragraph (b)(1)(C) of this Rule supports the member's reasonable belief that the financial exploitation of the Specified Adult has occurred, is occurring, has been attempted, or will be attempted, the temporary hold authorized by this Rule may be extended by the member for no longer than 10 business days following the date authorized by paragraph (b)(2) of this Rule, unless otherwise terminated or extended by a state regulator or agency of competent jurisdiction or a court of competent jurisdiction.

(c) Supervision

(1) In addition to the general supervisory and recordkeeping requirements of Rules 3110, 3120, 3130, 3150, and Rule 4510 Series, a member relying on this Rule shall establish and maintain written supervisory procedures reasonably designed to achieve compliance with this Rule, including, but not limited to, procedures related to the identification, escalation and reporting of matters related to the financial exploitation of Specified Adults.

(2) A member's written supervisory procedures also shall identify the title of each person authorized to place, terminate or extend a temporary hold on behalf of the member pursuant to this Rule. Any such person shall be an associated person of the member who serves in a supervisory, compliance or legal capacity for the member.

(d) Record Retention

Members shall retain records related to compliance with this Rule, which shall be readily available to FINRA, upon request. The retained records shall include records of: (1) request(s) for disbursement that may constitute financial exploitation of a Specified Adult and the resulting temporary hold; (2) the finding of a reasonable belief that financial exploitation has occurred, is occurring, has been attempted, or will be attempted underlying the decision to place a temporary hold on a disbursement; (3) the name and title of the associated person that authorized the temporary hold on a disbursement; (4) notification(s) to the relevant parties pursuant to paragraph (b)(1)(B) of this Rule; and (5) the internal review of the facts and circumstances pursuant to paragraph (b)(1)(C) of this Rule.

••• Supplementary Material: -----

.01 Applicability of Rule. This Rule provides members and their associated persons with a safe harbor from FINRA Rules 2010, 2150 and 11870 when members exercise discretion in placing temporary holds on disbursements of funds or securities from the Accounts of Specified Adults consistent with the requirements of this Rule. This Rule does not require members to place temporary holds on disbursements of funds or securities from the Accounts of Specified Adults.

.02 Training. A member relying on this Rule must develop and document training policies or programs reasonably designed to ensure that associated persons comply with the requirements of this Rule.

.03 Reasonable Belief of Mental or Physical Impairment. A member's reasonable belief that a natural person age 18 and older has a mental or physical impairment that renders the individual unable to protect his or her own interests may be based on the facts and circumstances observed in the member's business relationship with the natural person.

2210. Communications with the Public

[The Rule](#)[Notices](#)

(a) Definitions

For purposes of this Rule and any interpretation thereof:

(2) "Correspondence" means any written (including electronic) communication that is distributed or made available to 25 or fewer retail investors within any 30 calendar-day period.

(3) "Institutional communication" means any written (including electronic) communication that is distributed or made available only to institutional investors, but does not include a member's internal communications.

(4) "Institutional investor" means any:

(A) person described in Rule 4512(c), regardless of whether the person has an account with a member;

(B) governmental entity or subdivision thereof;

(C) employee benefit plan, or multiple employee benefit plans offered to employees of the same employer, that meet the requirements of Section 403(b) or Section 457 of the Internal Revenue Code and in the aggregate have at least 100 participants, but does not include any participant of such plans;

(D) qualified plan, as defined in Section 3(a)(12)(C) of the Exchange Act, or multiple qualified plans offered to employees of the same employer, that in the aggregate have at least 100 participants, but does not include any participant of such plans;

(E) member or registered person of such a member; and

(F) person acting solely on behalf of any such institutional investor.

No member may treat a communication as having been distributed to an institutional investor if the member has reason to believe that the communication or any excerpt thereof will be forwarded or made available to any retail investor.

(5) "Retail communication" means any written (including electronic) communication that is distributed or made available to more than 25 retail investors within any 30 calendar-day period.

(6) "Retail investor" means any person other than an institutional investor, regardless of whether the person has an account with a member.

(7) "Covered investment fund research report" has the meaning given that term in paragraph (c)(3) of Securities Act Rule 139b.

(b) Approval, Review and Recordkeeping

(1) Retail Communications

(A) An appropriately qualified registered principal of the member must approve each retail communication before the earlier of its use or filing with FINRA's Advertising Regulation Department ("Department").

(B) The requirements of paragraph (b)(1)(A) may be met by a Supervisory Analyst approved pursuant to Rule 1220(a)(14) with respect to: (i) research reports on debt and equity securities as described in Rules 2241(a)(11) and 2242(a)(3); (ii) retail communications as described in Rules 2241(a)(11)(A) and 2242(a)(3)(A); and (iii) other research communications, provided that the Supervisory Analyst has technical expertise in the particular product area. A Supervisory Analyst may not approve a retail communication that requires a separate registration unless the Supervisory Analyst also has such other registration.

(C) The requirements of paragraph (b)(1)(A) shall not apply with regard to any retail communication if, at the time that a member intends to publish or distribute it:

(i) another member has filed it with the Department and has received a letter from the Department stating that it appears to be consistent with applicable standards; and

(ii) the member using it in reliance upon this subparagraph has not materially altered it and will not use it in a manner that is inconsistent with the conditions of the Department's letter.

(D) The requirements of paragraph (b)(1)(A) shall not apply with regard to the following retail communications, provided that the member supervises and reviews such communications in the same manner as required for supervising and reviewing correspondence pursuant to Rules 3110(b) and 3110.06 through .09:

(i) any retail communication that is excepted from the definition of "research report" pursuant to Rule 2241(a)(11)(A) or "debt research report" under Rule 2242(a)(3)(A), unless the communication makes any financial or investment recommendation;

(ii) any retail communication that is posted on an online interactive electronic forum; and

(iii) any retail communication that does not make any financial or investment recommendation or otherwise promote a product or service of the member.

(E) Pursuant to the Rule 9600 Series, FINRA may conditionally or unconditionally grant an exemption from paragraph (b)(1)(A) for good cause shown after taking into consideration all relevant factors, to the extent such exemption is consistent with the purposes of the Rule, the protection of investors, and the public interest.

(F) Notwithstanding any other provision of this Rule, an appropriately qualified principal must approve a communication prior to a member filing the communication with the Department.

(2) Correspondence

All correspondence is subject to the supervision and review requirements of Rules 3110(b) and 3110.06 through .09.

(3) Institutional Communications

Each member shall establish written procedures that are appropriate to its business, size, structure, and customers for the review by an appropriately qualified registered principal of institutional communications used by the member and its associated persons. Such procedures must be reasonably designed to ensure that institutional communications comply with applicable standards. When such procedures do not require review of all institutional communications prior to first use or distribution, they must include provision for the education and training of associated persons as to the firm's procedures governing institutional communications, documentation of such education and training, and surveillance and follow-up to ensure that such procedures are implemented and adhered to. Evidence that these supervisory procedures have been implemented and carried out must be maintained and made available to FINRA upon request.

To the extent any retail communication that is subject to this filing requirement is a free writing prospectus that has been filed with the SEC pursuant to Securities Act Rule 433(d)(1)(ii), the member may file such retail communication within 10 business days of first use rather than at least 10 business days prior to first use.

The Department will notify the member in writing of the types of communications to be filed and the length of time such requirement is to be in effect. Such filings must include a copy of the data on which the ranking or comparison is based.

Although the communications described in paragraphs (c)(7)(H) through (K) are excluded from the foregoing filing requirements, investment company communications described in those paragraphs shall be deemed filed with FINRA for purposes of Section 24(b) of the Investment Company Act and Rule 24b-3 thereunder.

(9) Filing Exemptions

(A) Pursuant to the Rule 9600 Series, FINRA may exempt a member from the pre-use filing requirements of paragraph (c)(1)(A) for good cause shown.

(B) Pursuant to the Rule 9600 Series, FINRA may conditionally or unconditionally grant an exemption from paragraph (c)(3) for good cause shown after taking into consideration all relevant factors, to the extent such exemption is consistent with the purposes of the Rule, the protection of investors, and the public interest.

(d) Content Standards

(1) General Standards

(A) All member communications must be based on principles of fair dealing and good faith, must be fair and balanced, and must provide a sound basis for evaluating the facts in regard to any particular security or type of security, industry, or service. No member may omit any material fact or qualification if the omission, in light of the context of the material presented, would cause the communications to be misleading.

(B) No member may make any false, exaggerated, unwarranted, promissory or misleading statement or claim in any communication. No member may publish, circulate or distribute any communication that the member knows or has reason to know contains any untrue statement of a material fact or is otherwise false or misleading.

(C) Information may be placed in a legend or footnote only in the event that such placement would not inhibit an investor's understanding of the communication.

(D) Members must ensure that statements are clear and not misleading within the context in which they are made, and that they provide balanced treatment of risks and potential benefits. Communications must be consistent with the risks of fluctuating prices and the uncertainty of dividends, rates of return and yield inherent to investments.

(E) Members must consider the nature of the audience to which the communication will be directed and must provide details and explanations appropriate to the audience.

(F) Communications may not predict or project performance, imply that past performance will recur or make any exaggerated or unwarranted claim, opinion or forecast; provided, however, that this paragraph (d)(1)(F) does not prohibit:

(i) A hypothetical illustration of mathematical principles, provided that it does not predict or project the performance of an investment or investment strategy;

(ii) An investment analysis tool, or a written report produced by an investment analysis tool, that meets the requirements of Rule 2214; and

(iii) A price target contained in a research report on debt or equity securities, provided that the price target has a reasonable basis, the report discloses the valuation methods used to determine the price target, and the price target is accompanied by disclosure concerning the risks that may impede achievement of the price target.

(2) Comparisons

Any comparison in retail communications between investments or services must disclose all material differences between them, including (as applicable) investment objectives, costs and expenses, liquidity, safety, guarantees or insurance, fluctuation of principal or return, and tax features.

(3) Disclosure of Member's Name

All retail communications and correspondence must:

(A) prominently disclose the name of the member, or the name under which the member's broker-dealer business primarily is conducted as disclosed on the member's Form BD, and may also include a fictional name by which the member is commonly recognized or which is required by any state or jurisdiction;

(B) reflect any relationship between the member and any non-member or individual who is also named; and

(C) if it includes other names, reflect which products or services are being offered by the member.

This paragraph (d)(3) does not apply to so-called "blind" advertisements used to recruit personnel.

(4) Tax Considerations

(A) In retail communications and correspondence, references to tax-free or tax-exempt income must indicate which income taxes apply, or which do not, unless income is free from all applicable taxes. If income from an investment company investing in municipal bonds is subject to state or local income taxes, this fact must be stated, or the illustration must otherwise make it clear that income is free only from federal income tax.

(B) Communications may not characterize income or investment returns as tax-free or exempt from income tax when tax liability is merely postponed or deferred, such as when taxes are payable upon redemption.

(C) A comparative illustration of the mathematical principles of tax-deferred versus taxable compounding must meet the following requirements:

(i) The illustration must depict both the taxable investment and the tax-deferred investment using identical investment amounts and identical assumed gross investment rates of return, which may not exceed 10 percent per annum.

(ii) The illustration must use and identify actual federal income tax rates.

(iii) The illustration may reflect an actual state income tax rate, provided that the communication prominently discloses that the illustration is applicable only to investors that reside in the identified state.

(iv) Tax rates used in an illustration that is intended for a target audience must reasonably reflect its tax bracket or brackets as well as the tax character of capital gains and ordinary income.

(v) If the illustration covers the payout period for an investment, the illustration must reflect the impact of taxes during this period.

(vi) The illustration may not assume an unreasonable period of tax deferral.

(vii) The illustration must disclose, as applicable:

a. the degree of risk in the investment's assumed rate of return, including a statement that the assumed rate of return is not guaranteed;

b. the possible effects of investment losses on the relative advantage of the taxable versus the tax-deferred investments;

c. the extent to which tax rates on capital gains and dividends would affect the taxable investment's return;

d. the fact that ordinary income tax rates will apply to withdrawals from a tax-deferred investment;

e. its underlying assumptions;

f. the potential impact resulting from federal or state tax penalties (e.g., for early withdrawals or use on non-qualified expenses); and

g. that an investor should consider his or her current and anticipated investment horizon and income tax bracket when making an investment decision, as the illustration may not reflect these factors.

(5) Disclosure of Fees, Expenses and Standardized Performance

(A) Retail communications and correspondence that present non-money market fund open-end management investment company performance data as permitted by Securities Act Rule 482 and Rule 34b-1 under the Investment Company Act must disclose:

(i) the standardized performance information mandated by Securities Act Rule 482 and Rule 34b-1 under the Investment Company Act; and

(ii) to the extent applicable:

a. the maximum sales charge imposed on purchases or the maximum deferred sales charge, as stated in the investment company's prospectus current as of the date of distribution or submission for publication of a communication; and

(B) All of the information required by paragraph (d)(5)(A) must be set forth prominently, and in any print advertisement, in a prominent text box that contains only the required information and, at the member's option, comparative performance and fee data and disclosures required by Securities Act Rule 482 and Rule 34b-1 under the Investment Company Act.

(6) Testimonials

(A) If any testimonial in a communication concerns a technical aspect of investing, the person making the testimonial must have the knowledge and experience to form a valid opinion.

(B) Retail communications or correspondence providing any testimonial concerning the investment advice or investment performance of a member or its products must prominently disclose the following:

(i) The fact that the testimonial may not be representative of the experience of other customers.

(ii) The fact that the testimonial is no guarantee of future performance or success.

(iii) If more than \$100 in value is paid for the testimonial, the fact that it is a paid testimonial.

(7) Recommendations

(A) Retail communications that include a recommendation of securities must have a reasonable basis for the recommendation and must disclose, if applicable, the following:

(i) that at the time the communication was published or distributed, the member was making a market in the security being recommended, or in the underlying security if the recommended security is an option or security future, or that the member or associated persons will sell to or buy from customers on a principal basis;

(ii) that the member or any associated person that is directly and materially involved in the preparation of the content of the communication has a financial interest in any of the securities of the issuer whose securities are recommended, and the nature of the financial interest (including, without limitation, whether it consists of any option, right, warrant, future, long or short position), unless the extent of the financial interest is nominal; and

(iii) that the member was manager or co-manager of a public offering of any securities of the issuer whose securities are recommended within the past 12 months.

(B) A member must provide, or offer to furnish upon request, available investment information supporting the recommendation. When a member recommends a corporate equity security, the member must provide the price at the time the recommendation is made.

(C) A retail communication or correspondence may not refer, directly or indirectly, to past specific recommendations of the member that were or would have been profitable to any person; provided, however, that a retail communication or correspondence may set out or offer to furnish a list of all recommendations as to the same type, kind, grade or classification of securities made by the member within the immediately preceding period of not less than one year, if the communication or list:

(i) states the name of each such security recommended, the date and nature of each such recommendation (e.g., whether to buy, sell or hold), the market price at that time, the price at which the recommendation was to be acted upon, and the market price of each such security as of the most recent practicable date; and

(ii) contains the following cautionary legend, which must appear prominently within the communication or list: "it should not be assumed that recommendations made in the future will be profitable or will equal the performance of the securities in this list."
