

**FLORIDA DEPARTMENT OF CORRECTIONS
OFFICE OF HEALTH SERVICES
BEHAVIORAL RISK ASSESSMENT**

Instructions: A behavioral risk assessment (BRA) is to be completed on each team-decision CM inmate, as follows: within 14 days of CM placement; within 120 days of the initial assessment; every 180 days thereafter; and within three (3) work days of a critical event (escape, escape attempt, homicide, homicide attempt, physical assault, physical assault attempt, assignment to suicide observation status). Note that the BRA shall be completed at above intervals regardless of S-grade or housing assignment. Record rating for each risk factor; multiply the rating by the assigned weight to determine score for each factor; sum all scores to obtain total score. **Any risk factor with a rating of 2 or higher must be addressed on the individualized service plan, if the inmate is classified S-2 or higher.** The total score and individual risk factor ratings/scores are intended to be used **with other pertinent information** for service planning and administrative decision making. Original to be filed in the *Mental Health Evaluations* section of the health record, with copy to the confidential section of the master (classification) file.
