In addition to the Detailed Claims Listing(s), your company is required to submit documentation to support the amount of IBNR reported for each Proof of Loss Report and event listed above.

Multi-State Policy Listing

The Company is required to provide a listing of all FHCF covered commercial policies in effect during the 2005 hurricane season that have exposures written with Florida and non-Florida locations on the same policy. This list includes all policies regardless of whether or not a claim was reported to the FHCF for the policy and must be provided as a Microsoft Access database or in a delimited ASCII (text) format.

The listing should contain a single record for each policy with the following information:

FIELD #	DESCRIPTION	TYPE	NOTES
1	Policy Number	Text	Only numbers and letters are acceptable and must match the policy numbers provided in the 2005 Exam File
2	FHCF Type of Business Code	Text	Only use the codes on pg 8 of the 2005 FHCF Data Call

Multi-Risk Policy Listing

The Company is required to provide a listing of all FHCF covered commercial policies in effect during the 2005 hurricane season that have both covered and non-covered risks written on the same policy. This list includes all policies regardless of whether or not a claim was reported for the policy and must be provided as a Microsoft Access database or in a delimited ASCII (text) format.

The listing should contain a single record for each policy with the following information:

FIELD #	DESCRIPTION	TYPE	NOTES

This listing includes all policies regardless of whether or not a claim was reported for the policy and must be provided as a Microsoft Access database or in a delimited ASCII (text) format.

The listing should contain a single record for each policy with the following information:

FIELD #	DESCRIPTION	TYPE	NOTES

The reports must be provided on a CD-ROM that is labeled with the Company name, contract year, hurricane(s) and file name. Save each Detailed Claims Listing with the name applicable to each hurricane. Be sure to check your CD-ROM to be certain the files were saved and can be opened.

Required Records Checklist and Operations Questionnaire

In addition to the records outlined above, attached is a Required Records Checklist and a Claims Operations Questionnaire that should be prepared electronically and submitted to the FHCF in advance. The individual responsible for preparing the questionnaire should be available to answer questions once the examiner arrives on site.

B. Required Records to Have Available On Site:

The examiner will also be requesting claims and policy files, based on the sample selection, to be available once the examiner arrives on site. The claims and policy files can be provided either in electronic or hard copy format. The files should be made available upon request and should contain at least the following information:

Claim File (the complete file)

- a. Claim Number
- b. Date of Loss
- c. Amount of loss
- d. Claim description
- e. Policy Number and location of property
- f. Evidence deductible was applied
- g. Receipts for any additional living expenses paid
- h. Evidence of salvage received, if any
- i. Amount of loss adjustment expense
- j. Copies of checks for payment of losses
- k. Adjuster's reports with estimate of losses

Policy File (the complete file in effect at the time of loss)

- a. Insured's Name
- b. Address and ZIP Code for location of property insured
- c. Policy Number
- d. Policy Period
- e. Construction Type
- f. Deductible Group
- g. County Code
- h. County Name
- i. Total Insured Values
- j. Evidence to support occupancy is primary or secondary residence
- k. All applicable endorsements and policy changes

If your Company retains claims and/or policy files on an on-line system, this will be acceptable for the review of residential lines of business as long as the items listed above are available on that system and the examiner determines the system information can be relied on. If the examiner determines the on-line system cannot be used for policy review, then the examiner will need policy files including the application and underwriting files for the specific policies being reviewed. Also, if the Company's on-line system is not the same system that produces the Company's dec pages, then the actual files will need to be provided to the examiner.

For any commercial policies reviewed, you are required to provide the complete policy file, underwriting file, application, commercial class codes, and statement of values.

(5) **Additional Requirements:**

The Company may be required to provide a walk through of the claims process once the examiner arrives on site. The examiner will coordinate with the Company prior to arriving on site and provide direction on performing the walk through. The Company should make prior arrangements for the examiner to conduct this walk through with the necessary personnel. Be certain an individual familiar with the Company's claims process is available to answer questions before and during the examination.

If claims and/or policy files are in more than one location, your Company is responsible for coordinating the retrieval of the files to one central location.

Also, provide the examiner with a copy of the claims manual for claims covered by the FHCF and the name of a contact familiar with this manual. It is preferable that the claims manual be provided in electronic format.
