SECTION II: INSTRUCTIONS

Evaluator Requirements. The performance evaluation shall be administered by two Commission-approved canine team evaluators. A maximum of two evaluator applicants are allowed to participate during the examination.

- A Commission-approved canine evaluator conducting the initial training of a canine team shall not participate in the initial certification of that team.
- One of the Commission-approved canine evaluators shall not be affiliated with the employing agency of the canine team being examined for certification.
- A Commission-approved canine evaluator shall not administer a performance evaluation to a canine assigned as the evaluator's work partner.
- A canine team evaluator applicant is a Commission-certified canine team instructor requesting approval of the Commission and is required to possess the minimum training and experience pursuant to Rule 11B-27.013(7), F. A.C., and shall be documented in a request to Commission staff.

Required documentation. Prior to administering the Canine Team Performance Evaluation form CJSTC-83, an evaluator shall verify the canine team completed the training requirements. It is the responsibility of the employing agency submitting the form CJSTC-70, to provide documentation of training to the Commission-approved evaluator for review and approval prior to conducting a performance evaluation for Commission certification.

- A certificate issued to the canine team by a Commission-certified training school documenting successful completion of the Commission-approved 480-hour Canine Team Training Course number 1198, herein referred to as "Canine Team Training Course"; or
- Documentation of successful completion of an equivalent training course approved by a Commission-approved evaluator. Equivalent training is training that takes place at any criminal justice agency or training facility other than a Commission-certified training school. Equivalent training shall be reviewed and approved by a Commission-approved evaluator. A Commission-approved evaluator shall not approve equivalent training that he or she delivered. Equivalent training for a canine team, with a handler who has never been certified, shall comply with the objectives of the Canine Team Training Course. A previously certified handler who was assigned a new canine shall comply with the objectives of the Canine Team Training Course, which excludes the academic block of instruction.

Demonstration of Proficiency. Each canine team shall demonstrate proficiency in the topics of obedience, criminal apprehension, building search, and area search, to comply with the requirements for certification. The canine team proficiency topics are permitted to be administered in random order or concurrently by the evaluator; however, all sections of this form shall be completed. A section for the elective in tracking and trailing is provided.

Control of the canine during the performance evaluation shall only be demonstrated by utilizing voice and hand commands. Equipment worn by the canine during normal daily deployment shall be worn. Electronic devices shall not be activated during the performance evaluation. The handler is allowed to carry a concealed reward for his or her canine; however, the handler shall only reward the canine at the end of the exercise at the direction of the evaluator. A bite suit, sleeve, or hidden sleeve shall be worn by the decoy during the criminal apprehension phase.

Re-examination and Remediation Process. If a canine team fails the performance evaluation, a re-examination is allowed pursuant to Rule 11B-27.013, F.A.C.

- During the initial evaluation the canine team shall test in all topics of the performance evaluation. If a canine team fails to successfully demonstrate proficiency on one specific topic during the initial evaluation, one re-evaluation is permitted to be given for the specific topic during the initial evaluation. The handler shall be allowed to remediate with the canine prior to declaring intent to repeat the specific topic. Remediation is defined as the handler working with the canine to resolve the topic of deficiency. If a canine team fails to complete the specific topic or any additional topics, the canine team shall be deemed to have failed the performance evaluation.
- If a canine team fails to successfully demonstrate proficiency for any topic(s) during the first performance evaluation, the handler shall remediate the canine team in the topic(s). The canine team shall retest after a minimum of 24 hours from the date of the first failure and successfully demonstrate proficiency in the specific failed topic(s) under the supervision of two Commission-approved evaluators. One evaluator shall be an original evaluator involved in the initial proficiency failure. The handler shall provide documentation of the remedial training to the Commission-approved evaluators prior to the administration of the re-evaluation.
- If a canine team fails to successfully demonstrate proficiency in the specific failed topic(s) during the second attempt, the handler shall remediate with the canine team in the specific failed topic outlined in the Canine Team Training Course. The canine team shall retest after a minimum of 30 days from the date of the second failure. The handler shall provide documentation of the remedial training to the Commission-approved evaluators prior to the administration of the re-evaluation. The canine team shall repeat the performance evaluation in its entirety under the supervision of two Commission-approved evaluators. One evaluator shall be an evaluator who was involved in the initial proficiency failure for that canine team.
- A canine team that has failed a third attempt to pass the Canine Team Performance Evaluation shall be deemed to have failed the certification process, and shall complete the Canine Team Training Course or an equivalent course prior to submitting an application for certification. Form CJSTC-83 shall be used to document the third failure of the canine team and submitted by one of the canine team evaluators to the Florida Department of Law Enforcement, Criminal Justice Professionalism Program, Post Office Box 1489, Tallahassee, Florida 32302.
- Copies of all canine team evaluations shall be maintained by the employing agency, the handler, and Commission-approved evaluators.
