# SECTION I GENERAL INFORMATION

---

Section 456.013(1)(a), Florida Statutes, and Rule 64B8-4.016, Florida Administrative Code, provides that a licensure application and application fee are valid for one year. Application fees are non-refundable.

---

- o The State of Florida operates under Chapter 286, Florida Statutes, commonly referred to as the "Sunshine Law." This law requires that board meetings are public. All information that you provide to the Department is public record and shall be open to public inspection as required by 119.07 F. S., except financial information, examination records, and patient records.
- o The Florida Board of Medicine general statutes require that you must have a valid Florida medical license to practice medicine in Florida. We recommend that you do not make any commitments based upon expectation of licensure until you are actually licensed. Some applicants suffer significant costs by signing mortgages and committing to a start date prematurely. One application is not accelerated at the expense of another, particularly if there is a premature commitment to start practicing medicine. All applicants are handled equally and fairly. The application process may take between two to six months to complete depending on your credentials. You will not be able to start work until you have been granted a medical license. Applicants can help expedite the application process by including all relevant materials with their application packets (medical school diploma, residency certificates, etc). We will mail you a deficiency letter approximately 30 days after receiving your application. Please refrain from contacting our office until after you have received your initial deficiency letter. E-mail contact is more efficient. Time spent on the telephone impacts time available for staff to process applications. Please direct questions or comments to MQA\_Medicine@doh.state.fl.us. We process applications, mail, e-mails, and telephone calls in date order.
- o Read instructions before and while you complete the application. Failure to do so may result in delays in processing your application.
- o Licenses will not be issued without the background check results and will be issued in date order. When issuing licenses, we have a strict policy of fairness. One application will not be accelerated at the expense of another. All applications will be handled equally and fairly. Also, the less time reviewers spend responding to duplicate e-mails and telephone calls, the faster applications can be reviewed. The standard procedures for the reviewer is:
  - Return phone calls within 24 hours.
  - Check mail within one week from receipt date.
  - Respond to e-mails within one week.
- o It could take up to 14 days to issue your license after completion of your application. It will take approximately 10 business days to receive your license in the mail after issuance. To view your license, you may access our license look-up screen at [www.FLHealthSource.com](http://www.FLHealthSource.com). Your license number will appear on the web site 24 to 48 hours after it is issued.
- o Federal Credentials Verification Services (FCVS): The Florida Board of Medicine encourages all applicants to use FCVS to assist with the licensure process. However, it is not a requirement for licensure. For more information about FCVS, visit their web-site at [www.fcvs.org/](http://www.fcvs.org/). FCVS will primary source verify and provide a copy of the medical school transcript(s), medical school diploma, medical school verification, name change document(s), national examination score report, ECFMG certificate, and ECFMG verification.

Note: If you have not completed the FCVS certification process prior to applying for license in Florida it could take longer to receive your Florida license.

- o Before practicing medicine in Florida, read Chapter 456, 458, and 766.301-.316 Florida Statutes (F. S.), and Rule Chapter 64B8, Florida Administrative Code (F.A.C). You must know and comply with the laws and rules as they pertain to your professional practice. Laws and rules are subject to change at any time. For updated information refer to the following web-sites [www.leg.state.fl.us/](http://www.leg.state.fl.us/) (statutes) and [www.flrules.org](http://www.flrules.org) (Florida Administrative Code).
- o Personal Appearances before the Credentials Committee or the Board of Medicine may be required for a variety of reasons: e.g., malpractice, medical education, postgraduate training, disciplinary actions, etc. If an appearance is required, we will notify you by mail including the date, time, location, and reason(s) for the appearance. The Credentials Committee meets in conjunction with the full Board of Medicine meetings. In order for the Committee members to review all the information that is provided for this committee, other committee meetings at the same time, and for the full board meeting, a deadline for applications must be established and respected. The cut off for a complete application to be considered is six (6) weeks prior to the committee meeting. All Board and Committee meetings dates are posted on our web site at: <http://www.doh.state.fl.us/mqa/medical/>

- **RIGHT TO CHALLENGE AN INCORRECT CRIMINAL HISTORY RECORD**

This notice is to inform you that when you submit a set of fingerprints to the Florida Department of Law Enforcement (FDLE) for the purpose of conducting a search for any Florida and national criminal history records that may pertain to you, the results of that search will be returned to the Care Provider Background Screening Clearinghouse. By submitting fingerprints, you are authorizing the dissemination of any state and national criminal history record that may pertain to you to the Specified Agency or Agencies from which you are seeking approval to be employed, licensed, work under contract, or to serve as a volunteer, pursuant to the National Child Protection Act of 1993, as amended, and Section 943.0542, Florida Statutes. "Specified agency" means the Department of Health, the Department of Children and Family Services, the Division of Vocational Rehabilitation within the Department of Education, the Agency for Health Care Administration, the Department of Elder Affairs, the Department of Juvenile Justice, and the Agency for Persons with Disabilities when these agencies are conducting state and national criminal history background screening on persons who provide care for children or persons who are elderly or disabled. The fingerprints submitted will be retained by FDLE and the Clearinghouse will be notified if FDLE receives Florida arrest information on you.

Your Social Security Number (SSN) is needed to keep records accurate because other people may have the same name and birth date. Disclosure of your SSN is imperative for the performance of the Clearinghouse agencies' duties in distinguishing your identity from that of other persons whose identification information may be the same as or similar to yours.

Licensing and employing agencies are allowed to release a copy of the state and national criminal record information to a person who requests a copy of his or her own record if the identification of the record was based on submission of the person's fingerprints. Therefore, if you wish to review your record, you may request that the agency that is screening the record provide you with a copy. After you have reviewed the criminal history record, if you believe it is incomplete or inaccurate, you may conduct a personal review as provided in s. 943.056, F.S., and Rule 11C-8.001, F.A.C. If national information is believed to be in error, the FBI should be contacted at 304-625-2000. You can receive any national criminal history record that may pertain to you directly from the FBI, pursuant to 28 CFR Sections 16.30-16.34. You have the right to obtain a prompt determination as to the validity of your challenge before a final decision is made about your status as an employee, volunteer, contractor, or subcontractor.

Until the criminal history background check is completed, you may be denied unsupervised access to children, the elderly, or persons with disabilities.

42. Dispensing Practitioner Registration:

This is optional and for physicians whose primary practice is in the State of Florida. Dispensing relates to physicians who maintain a "mini-pharmacy" in their private office for profit. Section 465.0276, F. S., requires that licensees of the Board of Medicine who dispense medicinal drugs pay a fee of \$100.00 at the time of such registration and upon each renewal of the practitioner's license. It is unlawful for any person to sell samples or complimentary packages of drug products. A practitioner who confines his/her activities to dispensing complimentary packages of medicinal drugs to patients in the regular course of his/her practice is not required to register.

Check if applicable to you.

I plan to dispense medicinal drugs in the State of Florida for a fee or other remuneration and hereby register as required by Section 465.0276, F. S. I understand that the fee for the Dispensing Practitioner is \$100.00 over and above the required initial license fee and will submit it along with the license fee.
