Questions and Answers about Registration

What if my business has more than one location?

- **Sales tax and solid waste fees:** You must complete a separate application for each location.
- **Sales tax and prepaid wireless E911 fee:** You must complete a separate application for each location.
- **Communications services tax:** Only one registration application is required for all locations.
- **Rental car surcharge:** You must complete a separate application for each county where you have a rental location.
- **Documentary stamp tax:** You must complete a separate application for each location where books and records are maintained. You may register up to five locations on a single application.
- **Gross receipts tax on dry-cleaning facilities:** Only one registration application is required for all locations.
- **Gross receipts tax on electric power or gas:** Only one registration application is required for all locations. You may register each location separately; however, you must complete a separate application for each location separately registered.
- **Reemployment tax:** Only one registration application is required for each entity that has its own federal employer identification number (FEIN).

What if I am managing commercial or residential rental property for others? For sales tax, commercial property managers must use this application; one application per property location. Residential property managers may use Form DR-1C, *Application for Collective Registration for Short Term Rental of Living or Sleeping Accommodations*.

If a husband and wife jointly own and operate a business, what type of ownership must we indicate? Generally, when a husband and wife jointly own and operate a business, the ownership is a “partnership.” We suggest you consult the Internal Revenue Service for more information on filing options available for married couples.

What will I receive from the Department once I register?

1. A *Certificate of Registration* or *Notice of Liability* for the tax(es) for which you registered;
2. Personalized returns or reports for filing, with instructions if filing using paper.
3. For active sales tax and communications services tax dealers, a *Florida Annual Resale Certificate* will accompany the *Certificate of Registration*.

What is a *Florida Annual Resale Certificate*? The Department issues *Florida Annual Resale Certificates* to active, registered sales tax and communications services tax dealers. The *Florida Annual Resale Certificate* allows businesses to make tax-exempt purchases from their suppliers, provided the item or service is purchased for resale. Rule 12A-1.039, Florida Administrative Code (F.A.C.), explains the resale provisions for sales and use tax. Rule 12A-19.060, F.A.C., explains the resale provisions for communications services tax. **Misuse of the *Florida Annual Resale Certificate* will subject the user to penalties as provided by law.**

What are my responsibilities?

1. You must register for all taxes for which you are liable before beginning business activities, otherwise you may be subject to penalties. For more information, visit our website or contact Taxpayer Services.
2. Complete and return this application to the Florida Department of Revenue with the applicable registration fee. IF MAILING, DO NOT SEND CASH. SEND CHECK OR MONEY ORDER.

The original business location is already registered and remains open. If this is your reason for using this application, on the following pages **answer the questions as they apply only to the new location**. Provide the date the new activity began or will begin. Provide the existing location's certificate/account number. **EXAMPLE:** You are a sole proprietorship that sells items at retail. The purchased/acquired organization, trade, or business may continue to exist, or may be totally absorbed into the purchasing/acquiring entity's organization. If this is your reason for using this application, on the following pages **answer the questions as they apply to your entire business entity, including the purchased/acquired portion**. Listing a private mailbox, post office box, or rural route address is not permitted.

If you answer yes, you must respond to every question and provide the information required throughout the section. **Note: Officers performing services for the corporation and receiving payment for such services (salary or distributions) are considered employees of the corporation for purposes of reemployment tax.**

Section F - Activities Subject to Communications Services Tax

Answer Question 40 to determine if you should continue through this section or skip to the next. See individual questions for line-by-line instructions.

42. How will you verify the correct assignment of customer location to taxing jurisdiction? The method you use to assign customer locations to taxing jurisdictions determines the amount of collection allowance you may take when filing your return.

43. If you use multiple databases, you may be eligible for both collection allowances. If you will file separate returns for each type of database, check the box below. If you have more than one customer database and use different methods to assign customer locations to taxing jurisdictions, you will need to file two separate communications services tax returns to maximize your collection allowance.

Two collection allowance rates are available.

- If you checked boxes 1, 4 or 5 in Question 42, you are eligible for a .75 percent (.0075) collection allowance.
- If you checked box 6 in Question 42, you are eligible for a .25 percent (.0025) collection allowance.
- If you checked box 2 in Question 42, you are eligible for a .25 percent (.0025) collection allowance until the database is certified. Once certified, you will be eligible for the .75 percent (.0075) collection allowance.
- If you checked box 3 in Question 42, you are eligible for the .75 percent (.0075) collection allowance if the vendor's database has been certified. If not, the .25 percent collection allowance (.0025) will apply.

Collection allowance for dealers with multiple databases:

- If all databases are certified or a ZIP+4 method is used, the dealer is entitled to the .75 percent (.0075) collection allowance.
- If some databases are certified or a ZIP+4 method is used, and some are not, the dealer has two options for reporting the tax. One is to file a single return for all taxable sales from all databases and receive a .25 percent (.0025) collection allowance. The second option is to file two returns: one reporting taxable sales from certified databases (.75 percent allowance) and a separate return for the taxable sales from non-certified databases (.25 percent allowance).
- If no databases are certified, the dealer will receive a .25 percent (.0025) collection allowance on all tax collected.
