# Instructions for Filing Insurance Premium Installment Payment (Form DR-907)

Use black ink. Example A - Han	dwritten Example B - Typed
0123456789	0123456789

When is the installment payment due and payable? Installments of tax are due and payable on April 15, June 15, and October 15 of each year. A final payment of tax due for the year must be made at the time the taxpayer files the return (Form DR-908) for the year.

An installment will be considered timely filed if it is postmarked by the U.S. Postal Service on or before the applicable due date. If the due date falls on a Saturday, Sunday, or state or federal holiday, the installment will be considered timely filed if it is postmarked the next business day.

What are the installment payments based on? Installments are based on the estimated gross amount of receipts of insurance premiums or assessments received during the immediately preceding calendar quarter. The second quarter installment due June 15 (not July 15) requires the estimate to be through June 30. All of the taxes reported on Form DR-908 are subject to installment payment requirements, not just the insurance premium tax reported on Schedule I of Form DR-908. Because of the complexities of computing the standard 90 percent installment payment for all of the taxes reported on Form DR-908, most insurers use the safe harbor of paying 27 percent of the tax due in the preceding year for each installment payment. If each installment is 27 percent of the amount of the annual tax reported on the preceding year's Form DR-908 (Line 11 minus Line 9 and Line 10), there will be no installment penalty. The installment amounts that must be paid to meet the prior year exception are decreased by the amount of the scholarship funding credit earned with contributions made on or after July 1, 2014.

# Penalty for Underpayment/Late Filing of Insurance Premium Tax Installment Payments:

Any taxpayer who fails to report and timely pay any installment of tax, who estimates any installment of tax to be less than 90 percent of the amount finally shown to be due in any quarter, and/or who fails to report and timely pay any tax due with the final return is subject to a penalty of 10 percent on any underpayment of taxes or delinquent taxes due and payable for that quarter and/or on any delinquent taxes due and payable with the final return.

# Interest for Underpayment/Late Filing of Insurance Premium Tax Installment Payments:

Interest accrues when a taxpayer fails to pay any amount due on or before the due date. A floating rate of interest applies to underpayments and late payments of tax. The rate is updated January 1 and July 1 of each year by using the formula established in section 213.235, Florida Statutes. For current and prior year interest rates, visit our website or contact Taxpayer Services (see "Contact Us").
