This map was compiled from U.S. Geological Survey maps and other data available through the U.S. Geological Survey, 1992, State and Local Office, 999, East-West Highway, Reston, VA 20192, and other maps.

This map was compiled using interactive computer graphics.

This map was prepared on the Lambert conformal conic projection, 1983 North American Datum, North Zone, False system of plane coordinates.

The railroad station symbol as shown on this map does not necessarily denote the presence of a station or facility. It may be only a point designated for the report or delivery of freight, such as a platform or siding.

In computerized maps, local roads are indicated by a single line only. For details refer to inset prepared for the county.

No attempt has been made to show all drainage canals and ditches.

City populations are taken from the U.S. Census for 1990.

In 1990, the population of Bay County was 126,995. There are 753 square miles in the county.

No claim is made for the basic cartographic source material used in this map or work of the United States Government.
