Tuesday

Wednesday

Thursday

Friday

Saturday

A permit is valid only for the company and address to which it is issued. Please indicate if there has been:

a change in ownership

a change in the address of the company

A person may not sell any product that he has failed to register in conformance with Chapter 499, F.S. and the rules adopted there under. The Department may impose an administrative fine, not to exceed \$5,000 per violation per day, for violation of this provision. Further, the Department may issue a stop-sale notice or order against a person that is subject to these requirements and fails to comply within 31 days after the date the registration expires.

Attach a label only if the label has changed in any manner from your previous registration or label submission.

IF YOU NO LONGER MANUFACTURE A PRODUCT, CHECK THE BOX TO THE LEFT OF THE PRODUCT ID SO IT CAN BE DELETED FROM YOUR REGISTRATION. (If you are no longer actively manufacturing a product but still have the product in stock, you must renew its registration or register it before you sell it (transfer it) to another person. However, if the product has been transferred to the distributor or sold and it is held in his stock, then the registration for that product does not need to be renewed.)

If you need to add products to your registration, contact the Tallahassee Office at 850.717.1800 or visit <http://www.myfloridalicense.com> for an application form. Registering products is an ongoing process throughout the registration period. A person may not sell any product that he has failed to register.

File Number: «filenbr»

Profession Code: 3308

The fee for main product registration is \$30.00 per product. A fee of \$15.00 is also required for each additional certified identical product.

Note – If a main product with one or more identical products is removed from this renewal, one of the certified identical products will automatically become the new main product and payment must be made as a main product.
