- Special Instructions

Additional Documents

These documents will assist you in your evaluation of the materials.

- Written Correlations This document is prepared by the publisher to indicate where each specific benchmark (or course objectives for Advanced Placement courses) has been addressed in the materials.
- · Link to AP Course Description This course description is prepared by the College Board as a guide to the Advanced Placement course.
- · Publisher Questionnaire This document has been prepared by the publisher to describe and identify the components of the program being bid.

Additional Information

- All instructional materials available through this website are copyrighted materials. Access is available for the sole purpose of reviewing the materials
 as part of the Florida instructional materials review process. Use of these materials for any other purpose is prohibited.
- · All ratings and comments on this form are public record and subject to disclosure per Florida Sunshine laws.

Areas of Review -

Below is the list of Areas of Review. Each of the Areas of Review have numerous questions specific to that Area. Click on an Area of Review to view and answer the questions. Each question must have a response in order to complete the Area. A checkmark (\(\frac{\psi}{2}\)) will appear next to the Area once all questions have been answered. When all Areas of Review are complete, the Recommendation link will become available. After a recommendation for or against the adoption of the materials has been made, the evaluation for those materials is complete.

Answer each item below and select the "Save" button to save your responses. You must select the "Save" button before going to another section or leaving this page to save the answers you have provided. If you are unable to complete the section, you may save your answers and come back to complete at a later time. All items must be answered for a section to be considered complete.

To answer each item, select the appropriate rating.

The ratings are as follows:

- · Excellent (Highest Rating)
- Good
- Fair
- Poor
- Very Poor (Lowest Rating)

Each item you are rating has a comments section for response. Comments are strongly encouraged to justify each rating. Comments supply valuable feedback for publishers and school districts and should be provided whenever possible. Please use the Comments section to list any strengths, weaknesses, concerns, issues, and/or to provide examples supporting the rating.

Comment
58. 6.1.3. Rate how well the material covers the following: Disease, scientific innovations, and conflict led to demographic shifts. (Supporting evidence includes: A. Diseases associated with poverty persisted, while other diseases emerged as new epidemics and threats to human survival. In
addition, changing lifestyles and increased longevity led to higher incidence of certain diseases; B. More effective forms of birth control gave women
greater control over fertility and transformed sexual practices; C. Improved military technology and new tactics led to increased levels of wartime casualties.)
⊕ Excellent ⊕ Good ⊕ Fair ⊕ Poor ⊕ Very Poor Comment:
59. 6.2.1. Rate how well the material covers the following: Europe dominated the global political order at the beginning of the twentieth century,
but both land-based and transoceanic empires gave way to new forms of transregional political organization by the century's end. (Supporting evidence includes: A. The older land-based Ottoman, Russian, and Qing empires collapsed due to a combination of internal and external factors; B.
Some colonies negotiated their independence; C. Some colonies achieved independence through armed struggle.)
© Excellent ⊕ Good ⊕ Fair ⊕ Poor ⊕ Very Poor
Comment:
60. 6.2.2. Rate how well the material covers the following: Emerging ideologies of anti-imperialism contributed to the dissolution of empires and
the restructuring of states. (Supporting evidence includes: A. Nationalist leaders in Asia and Africa challenged imperial rule; B. Regional, religious,
and ethnic movements challenged both colonial rule and inherited imperial boundaries; C. Transnational movements sought to unite people across national boundaries; D. Movements to redistribute land and resources developed within states in Africa, Asia, and Latin America, sometimes advocating
communism and socialism.)
⊕ Excellent ⊕ Good ⊕ Fair ⊕ Poor ⊕ Very Poor
Comment:
61. 6.2.3. Rate how well the material covers the following: Political changes were accompanied by major demographic and social consequences.
(Supporting evidence includes: A. The redrawing of old colonial boundaries led to population resettlements; B. The migration of former colonial subjects
to imperial metropoles maintained cultural and economic ties between the colony and the metropole even after the dissolution of empires; C. The
proliferation of conflicts led to various forms of ethnic violence and the displacement of peoples resulting in refugee populations.)
⊕ Excellent ⊕ Good ⊕ Fair ⊕ Poor ⊕ Very Poor
Comment:
62. 6.2.4. Rate how well the material covers the following: Military conflicts occurred on an unprecedented global scale. (Supporting evidence includes: A. World War I and World War II were the first "total wars." Governments used ideologies, including fascism, nationalism and communism, to
mobilize all of their state's resources, including peoples, both in the home countries and the colonies or former colonies, for the purpose of waging war.
Governments also used a variety of strategies, including political speeches, art, media, and intensified forms of nationalism, to mobilize these populations. B. The sources of global conflict in the first half of the century varied; C. The global balance of economic and political power shifted after
the end of World War II and rapidly evolved into the Cold War. The United States and the Soviet Union emerged as superpowers, which led to
ideological struggles between capitalism and communism throughout the globe; D. The Cold War produced new military alliances, including NATO and
the Warsaw Pact, and promoted proxy wars in Latin America, Africa, and Asia; E. The dissolution of the Soviet Union effectively ended the Cold War.)
⊕ Excellent ⊕ Good ⊕ Fair ⊕ Poor ⊕ Very Poor Comment:
63. 6.2.5. Rate how well the material covers the following: Although conflict dominated much of the twentieth century, many individuals and
groups — including states — opposed this trend. Some individuals and groups, however, intensified the conflicts. (Supporting evidence includes: A. Groups and individuals challenged the many wars of the century, and some promoted the practice of nonviolence as a way to bring about
political change; B. Groups and individuals opposed and promoted alternatives to the existing economic, political, and social orders; C. Militaries and
militarized states often responded to the proliferation of conflicts in ways that further intensified conflict; D. More movements used violence against

civilians to achieve political aims; E. Global conflicts had a profound influence on popular culture.)

64. 6.3.1. Rate how well the material covers the following: States responded in a variety of ways to the economic challenges of the twentieth century. (Supporting evidence includes: A. In the Communist states of the Soviet Union and China, governments controlled their national economies; B. At the beginning of the century in the United States and parts of Europe, governments played a minimal role in their national economies. With the onset of the Great Depression, governments began to take a more active role in economic life; C. In newly independent states after World War II, governments often took on a strong role in guiding economic life to promote development; D. At the end of the twentieth century, many governments encouraged free market economic policies and promoted economic liberalization.)
© Excellent
65. 6.3.2. Rate how well the material covers the following: States, communities, and individuals became increasingly interdependent, a process facilitated by the growth of institutions of global governance. (Supporting evidence includes: A. New international organizations formed to maintain world peace and to facilitate international cooperation; B. New economic institutions sought to spread the principles and practices associated with free market economics throughout the world; C. Humanitarian organizations developed to respond to humanitarian crises throughout the world; D. Regional trade agreements created regional trading blocs designed to promote the movement of capital and goods across national borders; E. Multinational corporations began to challenge state authority and autonomy; F. Movements throughout the world protested the inequality of environmental and economic consequences of global integration.)
Comment:
66, 6.3.3. Rate how well the material covers the following: People conceptualized society and culture in new ways; some challenged old assumptions about race, class, gender, and religion, often using new technologies to spread reconfigured traditions. (Supporting evidence includes: A. The notion of human rights gained traction throughout the world; B. Increased interactions among diverse peoples sometimes led to the formation of new cultural identities and exclusionary reactions; C. Believers developed new forms of spirituality and chose to emphasize particular aspects of practice within existing faiths and apply them to political issues.)
⊕ Excellent ⊕ Good ⊕ Fair ⊕ Poor ⊕ Very Poor
Comment:
67. 6.3.4. Rate how well the material covers the following: Popular and consumer culture became global . (Supporting evidence includes: A. Sports were more widely practiced and reflected national and social aspirations; B. Changes in communication and transportation technology enabled the widespread diffusion of music and film.)

Usability —
Florida expects that instructional materials recommended for adoption will have overall ratings of Excellent or Good. Instructional Materials with the overall rating of Fair, Poor, or Very Poor are not expected to be recommended for adoption.
How would you rate the overall usability of the instructional material?
© Excellent © Good © Fair © Poor © Very Poor
Please provide any additional comments regarding this material that would be beneficial in determining whether it should be adopted for state use.
What notation (if any) do you think should be included in the Florida Catalog of State Adopted Instructional Materials should these materials be
adopted? (e.g. these materials would also be appropriate for; these materials are especially suited for)
