Written Correlations

Additional Documents

These documents will assist you in your evaluation of the materials.

- Written Correlations This document is prepared by the publisher to indicate where each specific benchmark (or course objectives for Advanced Placement courses) has been addressed in the materials.
- <u>Specifications</u> This document, prepared by the Florida Department of Education, specifies the requirements for instructional materials and will guide the evaluation for the
 - Content area of review for state instructional materials reviewers and the
 - · Content, Learning, and Presentation areas of review for district reviewers.
- · Publisher Questionnaire This document has been prepared by the publisher to describe and identify the components of the program being bid.

Additional Information

- All instructional materials available through this website are copyrighted materials. Access is available for the sole purpose of reviewing the materials
 as part of the Florida instructional materials review process. Use of these materials for any other purpose is prohibited.
- All ratings and comments on this form are public record and subject to disclosure per Florida Sunshine laws.

Areas of Review -

Below is the list of Areas of Review. Each of the Areas of Review have numerous questions specific to that Area. Click on an Area of Review to view and answer the questions. Each question must have a response in order to complete the Area. A checkmark (*) will appear next to the Area once all questions have been answered. When all Areas of Review are complete, the Recommendation link will become available. After a recommendation for or against the adoption of the materials has been made, the evaluation for those materials is complete.

Material for Review

Course: Economics (2102310)

Title:

Copyright: Author:

Grade Level: 9 - 12

Items for Electronic Review:

Select the link under Major Tool to electronically access the materials for evaluation. When necessary, additional directions for accessing the materials will be provided either on the website in which the materials are located or by the Florida Department of Education's Office of Instructional Materials.

Major Tools

· Written Correlations

Additional Documents

These documents will assist you in your evaluation of the materials.

- Written Correlations This document is prepared by the publisher to indicate where each specific benchmark (or course objectives for Advanced Placement courses) has been addressed in the materials.
- Specifications This document, prepared by the Florida Department of Education, specifies the requirements for instructional materials and will guide the evaluation for the
 - Content area of review for state instructional materials reviewers and the
 - · Content, Learning, and Presentation areas of review for district reviewers.
- · Publisher Questionnaire This document has been prepared by the publisher to describe and identify the components of the program being bid.

Additional Information

- All instructional materials available through this website are copyrighted materials. Access is available for the sole purpose of reviewing the materials
 as part of the Florida instructional materials review process. Use of these materials for any other purpose is prohibited.
- · All ratings and comments on this form are public record and subject to disclosure per Florida Sunshine laws.

Areas of Review ---

Below is the list of Areas of Review. Each of the Areas of Review have numerous questions specific to that Area. Click on an Area of Review to view and answer the questions. Each question must have a response in order to complete the Area. A checkmark (*) will appear next to the Area once all questions have been answered. When all Areas of Review are complete, the Recommendation link will become available. After a recommendation for or against the adoption of the materials has been made, the evaluation for those materials is complete.

Instructional Materials Review

STATE INSTRUCTIONAL MATERIALS REVIEWER Back to List

Material for Review -

Course: Economics (2102310)

Title:

Copyright:

Author:

Grade Level: 9 - 12

Items for Electronic Review:

Select the link under Major Tool to electronically access the materials for evaluation. When necessary, additional directions for accessing the materials will be provided either on the website in which the materials are located or by the Florida Department of Education's Office of Instructional Materials.

Major Tools

Written Correlations

Additional Documents

These documents will assist you in your evaluation of the materials.

- Written Correlations This document is prepared by the publisher to indicate where each specific benchmark (or course objectives for Advanced Placement courses) has been addressed in the materials.
- <u>Specifications</u> This document, prepared by the Florida Department of Education, specifies the requirements for instructional materials and will guide the evaluation for the
 - · Content area of review for state instructional materials reviewers and the
 - · Content, Learning, and Presentation areas of review for district reviewers.
- <u>Publisher Questionnaire</u> This document has been prepared by the publisher to describe and identify the components of the program being bid.

Additional Information

- All instructional materials available through this website are copyrighted materials. Access is available for the sole purpose of reviewing the materials
 as part of the Florida instructional materials review process. Use of these materials for any other purpose is prohibited.
- · All ratings and comments on this form are public record and subject to disclosure per Florida Sunshine laws.

Areas of Review ---

Below is the list of Areas of Review. Each of the Areas of Review have numerous questions specific to that Area. Click on an Area of Review to view and answer the questions. Each question must have a response in order to complete the Area. A checkmark (*) will appear next to the Area once all questions have been answered. When all Areas of Review are complete, the Recommendation link will become available. After a recommendation for or against the adoption of the materials has been made, the evaluation for those materials is complete.

Recommendation
Florida expects that instructional materials recommended for adoption will have overall ratings of Excellent or Good. Instructional Materials with the overall rating of Fair, Poor, or Very Poor are not expected to be recommended for adoption.
Do you recommend this instructional material for adoption?
⊕Yes ⊕No
Please provide any additional comments regarding this material that would be beneficial in determining whether it should be adopted for state use. What notation (if any) do you think should be included in the Florida Catalog of State Adopted Instructional Materials should these materials be
adopted? (e.g. these materials would also be appropriate for; these materials are especially suited for)

Usability
Florida expects that instructional materials recommended for adoption will have overall ratings of Excellent or Good. Instructional Materials with the overall rating of Fair, Poor, or Very Poor are not expected to be recommended for adoption.
How would you rate the overall usability of the instructional material?
© Excellent © Good © Fair © Poor © Very Poor
Please provide any additional comments regarding this material that would be beneficial in determining whether it should be adopted for state use.
What notation (if any) do you think should be included in the Florida Catalog of State Adopted Instructional Materials should these materials be
adopted? (e.g. these materials would also be appropriate for; these materials are especially suited for)
