CONDITIONS AND STIPULATIONS AGREED TO BY THE APPLICANT

1. Official Markers must be at least 14 ½ feet above the pavement elevation.
2. Markers must clear the face of the curb (if present) by at least two (2) feet.
3. The applicant (or applicant's designee) will maintain the banners as permitted.
4. The installation of the markers will not require the installation of poles or other support devices on the right of way.
5. The applicant and sponsoring organization will hold the Florida Department of Transportation harmless to the extent allowed by the laws of Florida in all matters concerning the banners and bear all expenses for defense of claims against the Florida Department of Transportation.
6. The applicant is responsible for any damages to public property resulting from the materials or the work of this permit.
7. A sketch of the proposed markers is attached.
8. View of traffic control devices may not be impeded by the erection of these permitted markers.

Engineer (or designee): _____

**APPLICATION TO PLACE OFFICIAL MARKERS ON NON LIMITED
ACCESS RIGHT OF WAY****APPLICATION FOR OFFICIAL MARKER**

AGREEMENT: By signing page 1 of this form, each applicant agrees to the following:

1. to the extent provided by law, the Applicant shall indemnify, defend, and hold harmless the Department and all of its officers, agents, and employees from any claim, loss, damage, cost, charge, or expense rising out of any act, error, omission, or negligent act by the Applicant(s), its agents or employees arising from activities under this permit.
2. When the Department receives a notice of claim for damages that may have been caused by the Applicant in the performance of activities that arise under this permit, the Department will forward the claim to the Applicant. The Applicant and the Department will evaluate the claim and report their findings to each other within 14 working days and will discuss options in defending the claim. The Applicant shall bear all expenses for defense of claims against the Department.

REQUIRED ATTACHMENTS:

- A sketch or drawing of the official marker(s), drawn to scale, including the message, logo, or emblem that will appear on the marker.
- A sketch of the specific location(s) of the marker(s), including height, location of supports, proximity to utility poles.
- Sketches, photographs, or specific descriptions of the method used to affix the banner to the support structure.
- Load rating analysis bearing the seal of a professional engineer.
