

**FLORIDA FISH AND WILDLIFE CONSERVATION COMMISSION
FISH AND WILDLIFE RESEARCH INSTITUTE
ANNUAL REPORT FOR THE STATEWIDE NESTING BEACH SURVEY**

NOTES

- 1. Note to Mac users:** Please complete the form using Adobe Reader not Preview. It seems that the program called Preview is the default PDF viewer on Macs and this causes problems when entering into and saving the file.
- 2. Please complete pages 2 - 4 in their entirety.** Fill in all blanks even if the answer is zero or it is not applicable. If the question does not apply, please enter N/A (except for date fields-these can be left blank if it doesn't apply). If you have any questions, please contact Beth Brost at beth.brost@MyFWC.com (727-502-4738).
- 3. Please do not change the form's format.** If the information in **red text** is incorrect, there are spaces available to note corrections.
- 4. To get started,** the first thing you want to do is save this form onto your computer. To do this, go to: File, Save As. Once you have saved the file, go to page 2 and click on the "Organization" field. From there, you can use the tab key to move from one entry field to the next. Once the form is complete, you will need to save the file again to include your data. Note: for each fill in blank, do not exceed the visible space.
- 5. Additional Comments.** If you need additional space for comments, please go to the last page.
- 6. Submittal deadline** is 30 November. Please email the completed report to beth.brost@MyFWC.com.
- 7. The statewide annual report** is not available online but will be sent directly to each permit holder by FWC/FWRI. For questions regarding the annual report, please contact Beth Brost at 727-502-4738 or Beth.Brost@MyFWC.com

DEFINITIONS

Self-Releasing: A screen, cage, or hatchery through which hatchlings escape unaided.

Restraining: A screen, cage, or hatchery that does not allow hatchlings to escape unaided.

Hatchery: A fenced or caged area where many nests are reburied.

Relocated: Clutch was moved from the original site of deposition. Nests are only considered relocated if this is the initial treatment.
