- 1. MM/DD/YYYY Month, Day, Year
- m. N/A Not Applicable
- n. NF Medicaid-certified Nursing Facility
- o. PASRR Preadmission Screening and Resident Review
- p. RR Resident Review
- q. SMI Serious Mental Illness

B. Instructions

The Level I PASRR Screen, AHCA MedServ Form 004 Part A, March 2017, must be fully and accurately completed, and distributed in accordance with Rule 59G-1.040, F.A.C. Incomplete submissions will not be accepted, and may prohibit Florida Medicaid payment for nursing facility services. Information inserted manually must be legible. Any illegible information will result in the Level I Screen Form being deemed unacceptable.

Steps to Complete the Screen:

Page 1

Fill in the blanks with the individual's demographics, screening site, insurance information, etc. Check the boxes to best answer the individual's current location at time of screening, and include the individual's parent, guardian, or legal representative's information, if applicable.

Enter the Medicaid or 'Other Health Insurance' identification information if available.

Enter up to three NFs (if uncertain), in the section entitled 'Requesting Admission to'.

Page 2

Fill in the name of the individual being evaluated and date of birth at the top of this page and each page going forward.

Section I: PASRR Screen Decision-Making

1. Review any pertinent medical information available for condition(s) to consider for a suspicion or diagnosis of SMI, ID or both.

Check the appropriate box(es) in column A for history or suspicion of an MI and specify, if applicable, any other diagnosis or condition that is not listed on the form.

Check applicable box(es) in column B for history or suspicion of ID and specify, if applicable, any other diagnosis or condition that is not listed on the form.

- 2. Check the appropriate box if the individual has, has had, or has been referred for services from an agency or entity that serves individuals with an intellectual or developmental disability such as the Agency for Persons with Disabilities (APD), or provides services for an MI.
- 3. Include additional information if necessary pertaining to MI or ID history.

Indicate the source of all the information gathered for the individual's Level I PASRR screen.

Page 3

Section II: Other Indications for PASRR Screen Decision-Making

Check 'Yes' or 'No' in the box after each question as it pertains to the individual.

The boxed text contains additional information in relation to the decision-making process, throughout the Level I PASRR screen.

If the box checked in question four of Section II is 'Yes,' a Level II evaluation must be requested.

Page 4

Section II: Other Indications for PASRR Screen Decision-Making, continued

Continue to check the appropriate box pertaining to the individual concerning questions five through seven.

The boxed text contains additional information in relation to the decision-making process.

Section III: PASRR Screen Provisional or Hospital Discharge Exemption.

If the individual being admitted is not a provisional admission, check the box indicating such and proceed to Section IV.

If the individual being admitted is a provisional admission, or a hospital discharge exemption, check the appropriate box. Check only one box.

Check the box for the type of provisional admission. Fill in the blank where indicated with the anticipated Level II evaluation completion date based on the type of provisional admission.

If the individual is being admitted under the hospital discharge exemption, check the box and ensure the section is signed by the attending physician. A hospital discharge exemption only pertains to the timeframe for completion of the Level II PASRR evaluation and determination. The box for a hospital discharge exemption is not to be checked if the individual has no diagnosis or suspicion of SMI, ID, or both. An individual being admitted with no diagnosis or suspicion of SMI, ID or both, is not a hospital discharge exemption according to PASRR regulations.

Page 5

Section IV: PASRR Screen Completion

- 1. Determine whether the individual may, or may not, be admitted to an NF and check the applicable box indicating the finding.
- 2. Fill in the information fields pertaining to the person who has completed the screen.
- 3. If the individual requires a Level II evaluation, forward the Level I PASRR along with other required documentation, to the appropriate Level II screener as follows:
 - CARES for individuals age 21 years and older
 - DOH for individuals under the age of 21 years

Complete the distribution area of the form indicating where the Level I PASRR screen and accompanying documents must be sent, as appropriate. Check all that apply.

Obtain the signature for consent for the Level II evaluation and determination, if applicable, from the individual being assessed or the individual's legal representative.

If an individual is unwilling or unable, and has no legal representative or health care agent to sign the consent for a Level II PASRR evaluation, information regarding the reason for the inability to obtain the signature must be documented.

*WHY ARE WE ASKING FOR YOUR SOCIAL SECURITY NUMBER (SSN)? Federal law permits the State to use your SSN for screening and referral to programs or services that may be appropriate for you. 42 CFR § 435.910. We use the number to create a unique record for every individual that we serve, and the SSN ensures that every person we serve is identified correctly so that services are provided appropriately. Any information the State collects will remain confidential and protected under penalty of law. We will not use it or give it out for any other reason unless you have signed a separate consent form that releases us to do so or if required by law.

Section I:PASRR Screen Decision-Making

A. MI or suspected MI (check all that apply):

- □ Bipolar Disorder
- □ Depressive Disorder
- □ Dissociative Disorder

Services:

Currently receiving services for MI.	
Previously received services for MI.	

- \Box Currently receiving services for ID.
- $\hfill\square$ Previously received services for ID.
- \Box Referred for ID services.

Additional Information: _

□ Referred for MI services.

Finding is based on (check all that apply):

□ Documented History	□ Behavioral Observations	□ Individual, Legal Representative or Family Report

□ Medications □ Other (specify): _____

Section II: Other Indications for PASRR Screen Decision-Making

1. Is there an indication the individual has or may have had a disorder resulting in functional limitations in major life activities that would otherwise be appropriate for the individual's developmental stage? \Box Yes \Box No

2. Does the individual typically have or may have had at least one of the following characteristics on a continuing or intermittent basis?

A. Interpersonal functioning: The individual has serious difficulty interacting appropriately and communicating effectively with other persons, has a possible history of altercations, evictions, fear of strangers, avoidance of interpersonal relationships, social isolation, or has been dismissed from employment. \Box Yes \Box No

B. Concentration, persistence, and pace: The individual has serious difficulty in sustaining focused attention for a long enough period to permit the completion of tasks commonly found in work settings or in work-like structured activities occurring in school or home settings, manifests difficulties in concentration, inability to complete simple tasks within an established time period, makes frequent errors, or requires assistance in the completion of these tasks. \Box Yes \Box No

C. Adaptation to change: The individual has serious difficulty in adapting to typical changes in circumstances associated with work, school, family, or social interaction, manifests agitation, exacerbated signs and symptoms associated with the illness, or withdrawal from the situation, or requires intervention by the mental health or judicial system. \Box Yes \Box No

3. Is there an indication that the individual has received recent treatment for a mental illness with an indication that the individual has experienced at least one of the following?

A. Psychiatric treatment more intensive than outpatient care. (e.g., partial hospitalization or inpatient hospitalization). \Box Yes \Box No

B. Due to the mental illness, the individual has experienced an episode of significant disruption to the normal living situation, for which supportive services were required to maintain functioning at home, or in a residential treatment environment, or which resulted in intervention by housing or law enforcement officials. \Box Yes \Box No

A Level II PASRR evaluation must be completed prior to admission if any box in Section I.A. or I.B. is checked and there is a 'yes' checked in Section II.1, II.2, or II.3, unless the individual meets the definition of a provisional admission or a hospital discharge exemption.

4. Has the individual exhibited actions or behaviors that may make them a danger to themselves or others?
 □Yes □No

5. Does the individual have a primary diagnosis of:	7. Does the individual have validating documentation to support the dementia or related neurocognitive disorder
Dementia? [□] Yes [□] No	(including Alzheimer's disease)?
Related Neurocognitive Disorder (including	
Alzheimer's disease)? \Box Yes \Box No	□ Yes (Check all that apply. Send accompanying documentation with completed Level I PASRR screen):
6. Does the individual have a secondary diagnosis of	Dementia work-up
dementia, related neurocognitive disorder (including	\Box Comprehensive mental status exam
Alzheimer's disease) and the primary diagnosis is an SMI or ID?	□ Medical/functional history prior to onset
	□ Other – Specify:
\Box Yes \Box No	
	al Admission or Hospital Discharge Exemption
Not a provisional admission	□ Hospital Discharge Exemption
Provisional admission (choose one) If a provisional admission or hospital discharge exemption	n is indicated, the individual may enter an NF without a Level II
□ Provisional admission (choose one) If a provisional admission or hospital discharge exemption PASRR evaluation/determination if the Level I screen ind is checked 'no'. A Level II evaluation must be completed evaluation to CARES** for adults or DOH*** for individ in this section.	n is indicated, the individual may enter an NF without a Level II licates a suspicion of SMI, ID or both, and the box in Section II.4 l, if required, by submitting the documentation for the Level II luals under the age of 21 years within the time frames indicated
□ Provisional admission (choose one) If a provisional admission or hospital discharge exemption PASRR evaluation/determination if the Level I screen ind is checked 'no'.
